#### TRIBUTE TO EMILY KIM AE SUN HUNTER

● Ms. HASSAN. Madam President, I am proud to recognize Emily Kim Ae Sun Hunter of Chester as April's Granite Stater of the Month. In response to the surge in hate crimes against Asian Americans and Pacific Islanders, AAPI, Emily is organizing a peaceful gathering in downtown Portsmouth to demonstrate support for New Hampshire's AAPI community.

Emily was born in Seoul, South Korea. When she and twin sister were 5 months old, they were adopted by a couple in New Hampshire. Growing up in a predominantly White community, Emily and her sister quickly learned what it was like to be the only people of color in a room. The sisters were also the target of hate, which left a lasting impression on both of the girls.

Emily—now a mentor for Asian-American women at her company and a strong voice in the AAPI community—was shocked and horrified, as so many Americans were, by the mass shooting in Atlanta, GA, that left eight people dead, including six women of Asian descent.

In response, Emily decided to take action by organizing a peaceful gathering to show support for the AAPI community and help share resources to combat discrimination. Emily, who has never organized an event like this before, has also taken to social media and raised more than \$6,500 for AAPI organizations across the country.

Emily's dedication to uplifting members of the AAPI community and encouraging others to do the same embodies the best of the Granite State. Amid a challenging time for the AAPI community, Emily has shown true strength by elevating her message of inclusivity and acceptance. I am honored to name her as a Granite Stater of the Month as we join together to stand with the AAPI community and condemn the un-American attacks that we have seen. ●

#### TRIBUTE TO NICK ARCHER

● Mr. KING. Madam President, I rise today to pay tribute to an exceptional

man in my home State of Maine, Nick Archer. I have been so fortunate to have been surrounded by outstanding people both as my time as Governor of Maine, as a private citizen of Maine, and now as U.S. Senator. Some of those people have been woven into my world through all facets of my career, and Nick Archer is one of those individuals.

Nick recently retired from the Maine Department of Environmental Protection after nearly 35 years of employment. But to Nick—and thankfully for all of us Mainers—his position at Maine DEP was more than a job. His interest in protecting the environment spans over four decades and extends into so many of his passions in life. Not being one to shy away from difficulty, Nick understood the history and the importance of industry, agriculture, and forestry in Maine but also realized the environment needed to be protected for the vibrant future of Maine's land and waterways. He worked throughout his career to build partnerships and build on communications between the two and was known for his common sense and matter-of-fact approach. Nick's approach was always in the spirit of compromise but firmly rooted in the protection of our great resources. Solution focused—he set expectations high for integrity, innovation, and ingenuity and enjoyed thinking outside the box.

As if his career wasn't impactful enough, Nick also gave his time to so many community service activities. An avid outdoorsman, he was in leadership roles at both the local and State levels in Fish and Game Clubs and Sportsman's Alliance of Maine. If there was a need at a fishing derby or any outdoor activity involving youth engagement, Nick Archer was the first to sign up and donate both time and money. He is a cheerleader for a myriad of causes from veterans organizations to local Rotary clubs. I am thankful Nick is staying in the great State of Maine for his next chapter and spending time with his favorite people, his family.

In Maine, we are blessed with people who have exceptional work ethic and a piece of their heart in their communities and those people often do not want any recognition. I am sure Nick is one of those people, but having known him, having his assistance to my office staffers, and knowing his truly altruistic nature, I will take the risk and am so proud to honor him and his dedicated service and commitment to the State of Maine and to the communities it encompasses. ●
