119TH CONGRESS 1ST SESSION	S. RES.	
Supporting the designation	ation of September 19, 2 Awareness Day".	025, as "National Concussion

## IN THE SENATE OF THE UNITED STATES

Ms. Hassan (for herself, Mrs. Capito, Mr. Durbin, and Mr. Mullin) submitted the following resolution; which was referred to the Committee on

## **RESOLUTION**

Supporting the designation of September 19, 2025, as "National Concussion Awareness Day".

- Whereas mild traumatic brain injury, otherwise known as a concussion, is an important health concern for children, teens, and adults;
- Whereas, according to information from the Centers for Disease Control and Prevention—
  - (1) there are as many as 1,600,000 to 3,800,000 sports-related concussions annually;
  - (2) as many as 5,300,000 individuals live with the long-term effects of a traumatic brain injury;
  - (3) between 2010 and 2016, an estimated 2,000,000 children under age 18 visited an emergency department

because of a traumatic brain injury sustained during sports- or recreation-related activities;

- (4) in 2023, there were an estimated 69,000 fatalities related to traumatic brain injuries;
- (5) each year an estimated 283,000 children seek care in emergency departments in the United States for a sports- or recreation-related traumatic brain injury, with traumatic brain injuries sustained in contact sports accounting for approximately 45 percent of those visits;
- (6) 7 in 10 emergency department visits for sportsor recreation-related traumatic brain injury are for children ages 17 and younger;
- (7) research suggests that many children with a traumatic brain injury do not seek care in emergency departments or do not seek care at all, resulting in a significant underestimate of prevalence; and
- (8) approximately 15 percent of all high school students in the United States self-reported 1 or more sports-or recreation-related concussions within the preceding 12 months;
- Whereas the seriousness of concussions should not be minimized in athletics, and return-to-play and return-to-learn protocols can help ensure recovery;
- Whereas concussions can affect physical, mental, and social health, and a greater awareness and understanding of proper diagnosis and management of concussions is critical to improved outcomes; and
- Whereas the Senate can raise awareness about concussions among the medical community and the public: Now, therefore, be it
  - 1 Resolved, That the Senate—

NEW25898 H2Y S.L.C.

1	(1) supports the designation of September 19,
2	2025, as "National Concussion Awareness Day";
3	(2) recognizes that mild traumatic brain injury,
4	otherwise known as a concussion, is an important
5	health concern;
6	(3) commends the organizations and individuals
7	that raise awareness about mild traumatic brain in-
8	jury;
9	(4) encourages Federal, State, and local policy-
10	makers to work together—
11	(A) to raise awareness about the effects of
12	concussions; and
13	(B) to improve the understanding of prop-
14	er diagnosis and management of concussions;
15	and
16	(5) encourages further research and prevention
17	efforts to ensure that fewer individuals experience
18	the most adverse effects of mild traumatic brain in-
19	jury.
